MEMORANDUM

TO: Amanda Kennedy
FROM: Debra Pierce
CC: Kate Rattan
DATE: September 30, 2025
SUBJECT: LOTCIP 2025 Executive Committee Recommendation Request

A full LOTCIP application has been received from the Town of Stonington. The proposed project would install a bicycle facility from the intersections of Masons Island Road/Hewitt Road to Cove Road/Wilcox Road to enhance transportation connectivity, safety, and accessibility for the motorized travel and the bicycling community.

The design will also address pedestrian and other non-motorized travel from the residential neighborhood to the commercial properties with the addition of crosswalks and pedestrian signals. The project area is 5,560 feet along US Route 1 and consists of multiple roadway intersections and business entrances.

The anticipated project costs for this project will be $1,341,200 including Contingencies and Incidentals and Right-of-Way for the project. Utility project costs will not be funded with LOTCIP funding for this project.

The application is available for review here.
