Please Review Project Information and Estimate for Approval:

Project Description (short): 30 (30 Characters)	Br.04096 Imprvmnts FY24 Earmark
Project Description (long): 223 (254 Characters)	Design services for improvements to Bridge No. 04096 carrying New London Turnpike over the Yantic River in Norwich. Funds appropriated in FY24 under Community Project Funding/Congressionally Directed Spending Demo ID CT210.

Justification: 536 (1333 Characters)	Bridge No 04096, built in 1963, carries New London Turnpike over the Yantic River. New London Turnpike features two-way traffic and a pedestrian sidewalk on the western (southbound) side. The bridge is functionally obsolete (deck geometry rating of 2) and structurally deficient (superstructure rating of 4). The PE phase includes a PD/FD split.
Project Manager: Brett Stark	Per discussions with the Norwich DPW Director, the FY24 Earmark is intended to fund design services. The City will be looking to secure additional funds for CN while design is in process.
Project Engineer: Michelle Roise	Additional notes: Per the Allocation Memorandum dated 5/10/2024, the Federal earmark funds remain available for obligation through 9/30/2027 and will expire if not obligated by that date. This project is being initiated with PE and RW phases only based on current funding availability; anticipated CN schedule is for informational purposes only, as a CN phase is not being programmed at this time.
