Please Review Project Information and Estimate for Approval:

Project Description (short): 26 (30 Characters)	Statewide TDM (Greater CT)
Project Description (long): 213 (254 Characters)	Provide funds for the Statewide Transportation Demand Management (TDM) project (Greater CT moderate portion) for the period 07/01/2020-06/30/2021. This project replaces P/N 170-3529OP which expires on 06/30/2020.
Justification: 719 (1333 Characters)	Using selected contractors, CTDOT will market, educate and provide outreach to employers and individuals in support of CTDOT's statewide Transportation Demand Management (TDM) program in the Greater Hartford and New London areas of the state under the brand name CTrides. This program assists in the formation and long-term viability of carpools and vanpools, and includes affinity products which support the creation and long-term viability of carpools and vanpools. This program also provides comprehensive resources to help employers design, implement and maintain teleworking programs. This program will reduce the number of employee work trips, decreasing traffic congestion, energy consumption and air pollution.
